

# CHS Premium Plus Program

This offer is designed for CHS growers to take advantage of the CHS seed and proprietary product portfolio, all season long. To participate, growers will meet with their CHS agronomist prior to the start of the season to develop a complete crop input strategy to maximize their farm's production and profitability.

## PROGRAM REQUIREMENTS AND STIPULATIONS\*:

- 160 new acres of Allegiant® seed
- Two CHS crop protection products (160 acres worth of each) to apply at planting or with foliar application
- NOTE: if grower is already purchasing products in these categories, they will need to purchase an additional 160 acres worth of Allegiant® seed and of each CHS crop protection product mentioned above
- Must market the grain for the 160 acres enrolled through CHS

## GRAIN PREMIUM DETAILS

- If grower meets the requirements, they will be eligible for a grain premium on enrolled acres
  - Corn premium: 10¢ per bushel
  - Soybean premium: 12¢ per bushel
  - The premium will be paid at delivery of crop
- NOTE: the number of bushels per acre growers can receive a premium on are as follows:
  - Corn premium will be paid on a max of 200 bu/ac times the number of acres enrolled. Production above 200 bu/ac will be sold at the current market price without the premium.
  - Soybean premium will be paid on a max of 55 bu/ac times the number of acres enrolled. Production above 55 bu/ac will be sold at the current market price without the premium.
